golden triangle palette guide

Bordered on the north by Colfax Avenue, on the east by Lincoln Street, and by Speer Boulevard and the Cherry Creek Bike Path on the southwest, the Golden Triangle is a neighborhood where *life, work, art, and culture* converge to create an engaging urban experience.

Civic Center Park—a National Historic Landmark—is our front yard; historic **Evans School** is in the heart of the Triangle; the collective workspaces of **METLO**, **Galvanize** and **Shift Workspaces** are the hubs of our entrepreneurial community; **History Colorado**, **Denver Public Library**, **Denver Art Museum**, **Clifford Still Museum**, **The CELL**, and vibrant art galleries are our cultural lifeblood.

The Golden Triangle Association, (GTA) an advocacy and community building group dedicated to improving the quality of life in our neighborhood, is delighted to share our favorite places with you.

THE METLO

Originally built in 1958, THE METLO is a four story award-winning building that is home to 27 local businesses. Whether you are looking for your favorite beverage, a bite to eat, to pamper yourself, or to engage a fascinating business, this modern industrial gem is a one-stop shop. We invite you to come and enjoy our fire pit, outdoor seating, and beautiful rooftop views. We look forward to seeing you soon!

BURGERFI

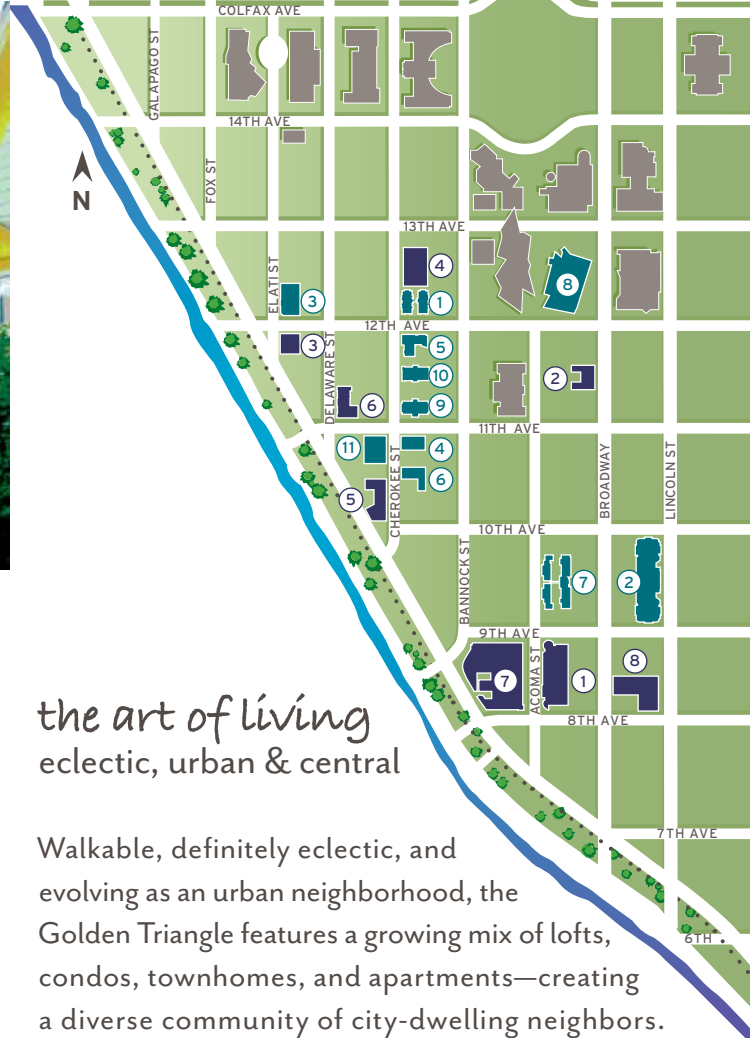

We take pride in serving responsibly sourced Angus beef, free of hormones, steroids and antibiotics; french fries and onion rings that are hand-cut and freshly fried right in the restaurant; a vegetarian VegeFi burger made from scratch using whole food ingredients like quinoa, lentils and vegetables; frozen custard, made even creamier than ice cream due to a special churning process; and local craft beer and wine. All of this is served in an eco-friendly atmosphere, built according to environmentally sustainable best practices. Some of our up cycled earth-friendly elements include chairs made from Coca-Cola bottles, tables made from milk jugs, and tables made from wood pallets—even our ceiling fans use 66% less energy.

GOLDEN TRIANGLE

the art of viewing: theater, museums & galleries

Where to begin? Take in a thought-provoking play at Denver's only professional mid-sized playhouse, **Curious Theater**. Explore one of the largest art museums between Chicago and the West Coast—the **Denver Art Museum**. Discover one of the most important 20th century painters at the **Clyfford Still Museum**.

Immerse yourself in art at over a dozen of Denver's premier galleries including: **Walker Fine Art**, a loft-style gallery featuring original contemporary art; **William Havu Gallery**, known for its emphasis on mid-career, established artists; **Sandra Phillips Gallery**, a fresh perspective on regional and nationally known artists; **Native American Trading Company**, a gallery of fine Southwest and Native American art; and **Goodwin Fine Art**, a gallery specializing in artwork by regional and national contemporary emerging, mid-career and established artists.

Take part in exhibits and *Fresh City Life Events* at the **Denver Public Library**. Or, experience the living West at **History Colorado**.

(For a complete listing of all the Golden Triangle's great places see the Palette Guide map.)

the art of eating restaurants, cafés & bakeries

Vibrant independently-owned eateries abound in the Golden Triangle, offering something for every palate—from fine dining at **Cuba Cuba**, **Charcoal**, and **Palettes** to happy hour at the **Fire Terrace** or dinner at **Fire** on the fourth floor of **the ART, a hotel**. Take in jazz-filled brunches (happy hours and dinners too) at **DazzleJazz**. Go Greek at **Melita's**, Mexican at **Torchy Tacos** and **Agave**. Try the sushi at **Opal**, custom-made sandwiches at **Parsley**, and burgers at **BurgerFi**, **Tony's**, and **Cap City** or pizza at **Lo Stella Ristorante**, and **Denver Pizza**. During summer months, connect with community at **Civic Center EATS**—Denver's growing gourmet food truck scene at Civic Center Park.

DJ's and **Dozens** serve up breakfast, & **RoosterCat** offers waffle sandwiches. Caffeine fixes can be found throughout the Triangle. Checkout the bhakti chai lattes at **Rooster & Moon**, the three step water purified espresso at **Metropolis**, Novo Coffee at **Gather**, and fair trade coffee at **Drip**, or the matte latte with nut milk at **Amethyst**. Indulge in desserts at **Gateaux** and baked goods at **Martine's Bakery** (enter on the north side of the building).

the art of living eclectic, urban & central

Walkable, definitely eclectic, and evolving as an urban neighborhood, the Golden Triangle features a growing mix of lofts, condos, townhomes, and apartments—creating a diverse community of city-dwelling neighbors.
